

Dawn Cheung, BA (Economics)

Skin Consultant - Arbonne

dawncheung@shaw.ca

At Arbonne, beauty begins with premium botanical ingredients, innovative scientific discovery, and an unwavering commitment to pure, safe and beneficial products. Arbonne creates personal care and wellness products that preserve and enhance the skin, body and mind for an integrative approach to beauty. Working closely with scientists around the world and our Arbonne Institute of Research and Development (AIRD[®]) facility in Switzerland, we continually explore and develop scientifically advanced, botanically based proprietary formulas that meet our exacting standards for quality, safety and sustainability.

Arbonne is committed to the development of unparalleled products free of harmful ingredients, using a combination of botanical principles and scientific discovery. Our commitment begins with research and testing to ensure that each of our ingredients meets or exceeds industry standards for purity.

Arbonne products are Vegan certified: Our formulas are never tested on animals and do not contain animal derived ingredients or animal by-products. We firmly believe that consumers have a fundamental right to know every ingredient in our products, and we will continue to offer full disclosure through our published materials.

Arbonne personal care products are formulated without:

- Animal products or animal by-products
- Formaldehyde donating preservatives
- Petroleum based ingredients
 - Benzene
 - Mineral Oil
 - Petrolatum
 - Phthalates
 - Toluene
- PABA

Arbonne Healthy Living products are formulated without:

- Artificial colours
- Artificial flavours
- Artificial sweeteners
- Animal products or animal by-products
- Cholesterol
- Saturated fats
- Trans fats

In our ongoing commitment to ingredient excellence, we will continue to seek alternative ingredients to reduce the traces of parabens, gluten and GMO in our formulas. We will

bring to market top-quality products that are carefully reviewed to meet our high standards of purity.
