Michael holds a BFA from the University of Victoria and both Graphic Design and Fine Art Certificates from the Kootenay School of Art. An Accredited Graphic Designer, he worked for 30 years in the design and advertising sectors before changing to the floral industry for four years. Now “sitting on the other side of the creative desk”, Michael is back in the visual communications industry as a sales representative for Digital Direct Printing. DDP is the largest sheet fed printer on Vancouver Island. As well, DDP has digital printers for quick print needs and wide format output for display signage or tradeshow applications. If it’s important to you to support a local business with a strong community and environmental conscience, DDP is Victoria owned and operated, supports many local charities and events, and is FSC Certified and Carbon Neutral.” Michael welcomes your calls.

Well known in the Victoria marketplace, he is also a longtime community sport volunteer - as a soccer and softball coach, Executive member with the Cordova Bay Soccer Club and Coordinator of the popular World Cups Youth Soccer Festival. Now "retired" as a sport volunteer, Michael is still a member of the Society of Graphic Designers of Canada, which awarded him the Honorific of Fellow in recognition for founding the Vancouver Island Chapter and for his work on the National Executive.
